EDUCATION

08/15/2022 – 05/15/2024

M.S. Computer Science
C.S.U., Long Beach **GPA: 4.0**

Computer Science Master's Program with thesis on AI/ML. I graduated 2nd in my class and introduced a novel dropout technique in my thesis, "Sector-Wise Dropout".

08/15/2015 – 05/15/2020

B.S. Computer Science
C.S.U., Long Beach

CLAYTON ASADA

Plano, TX — (916) 801 6154 — Casada94@gmail.com

PROFILE

I'm a highly motivated, results-driven software engineer with a strong background in Java development and cloud technologies. I thrive in dynamic environments, consistently delivering innovative solutions that enhance system performance and drive business growth.

WORK EXPERIENCE

Senior Software Engineer 06/2024 – Present
Raytheon

Modernize, enhance, and maintain mission-critical applications. Incorporate new technologies and libraries to deliver new features and/or improve readability, testability, and maintainability.

- Bringing a heavy emphasis on code quality, my contributions have led to improved maintainability and reduced technical debt across multiple applications.

Technology Stack:

Spring Boot Gradle Cucumber Kubernetes Linux

Achievements:

- Became the subject matter expert and single largest contributor to a multi-project cross-team Gradle 2 to Gradle 8 migration.

Software Engineer 07/2024 – 09/2025
U.S. Department of Defense

Full-stack development incorporating new technologies and libraries to deliver new features and/or improve readability, testability, and maintainability.

Technology Stack:

Spring Boot React AWS MySQL Linux

Achievements:

- Guided by user feedback, I created a feature to help users quickly identify the topics and context of their next task, which improved their efficiency and task throughput.

Java Developer 03/2021 – 07/2024
Tata Consultancy Services: Experian

Achievements:

- My hackathon idea, inspired by customer conversions, led to implementation, completed by me, which increased yearly revenue by approximately $800,000 (16%).

Electrical Systems Technician 07/2012 – 09/2015
United States Marine Corps
